

## COMPLETE **VENDING** SERVICES

**Remember the old style tuck shop?  
Well, we would like to introduce you  
to the tuck shop of the 21st Century.**

Complete Vending Services can you offer you quality vended products, ensuring your staff, pupils and visitors can have access to on the spot refreshment facilities throughout the day, even when other facilities are closed.

**Benefits of a vended solution:**

- a wide range of healthy snacks and drinks can be offered 24/7
- more hygienic than making drinks
- less time spent making and consuming drinks
- high street coffee shop quality
- high standards of hygiene and drink consistency
- a cleaner environment, no messy kitchens and staff rooms
- can be a profitable exercise for the establishment.

# WHY VENDING

## COMPLETE **VENDING** SERVICES

Many people lead a hectic lifestyle, both at their workplace and in their leisure time. As part of that 'on the go' lifestyle, the modern consumer demands a far more appetizing choice of high quality fresh food and drinks from today's vending machines. By vending a range of healthier options, your staff and pupils can make a positive choice towards eating a balanced diet.

At **Complete Vending Services** we can provide these choices both in hot and cold drinks as well as snacks and food by careful selection to avoid unnecessary and unnatural ingredients. By ensuring ingredients are sourced ethically, whether they are Fair Trade, organic, local or produced through sustainable development, we can provide the consumer with a healthier option.

We have built our reputation on service and quality by supporting our customers with a personal touch. As independent operators, we are not tied to any one supplier and can offer impartial advice and innovative refreshment solutions.

**Complete Vending Services** can offer:-

- flexible solutions to either rent or lease machinery
- a large range of ethically sourced, healthy products including well known high street names
- help and advice on existing unwanted contracts (including early termination)
- short term refreshment solutions i.e. provision of cold water machines during the summer months
- delivery of wholesale products to your door to stock your existing contracted or owned machines
- operating and maintenance cover on your existing machines

**Contact us for more information on how we could help you to solve your vending requirements, call Sue on 0870 458 7178 or email [info@completevendingservices.co.uk](mailto:info@completevendingservices.co.uk).**
