

COMPLETE **VENDING** SERVICES

By offering quality vended products, your staff, customers and visitors can have access to on the spot refreshment facilities throughout the day, even when other facilities are closed.

WHY VENDING

Save valuable productive time wasted making tea and coffee.

Avoid messy kitchen facilities and a pile of unwashed cups mounting up throughout the day.

Prevent the possibility of accidents which can prove costly in today's health and safety conscious society.

Benefits of a vended solution:

- less time spent making and consuming drinks
- a cleaner environment, no messy kitchens and workplaces
- high street coffee shop quality
- high standards of hygiene and drink consistency
- can be a profitable exercise for the company

COMPLETE **VENDING** SERVICES

Many people lead a hectic lifestyle, both at work and in their leisure time. As part of that 'on the go' lifestyle, the modern consumer demands a far more appetizing choice of high quality fresh food and drinks from today's vending machines. By vending a range of healthier options, the consumer can make a positive choice towards eating a balanced diet.

At **Complete Vending Services** we can provide these choices both in hot and cold drinks as well as snacks and food by careful selection to avoid unnecessary and unnatural ingredients. By ensuring ingredients are sourced ethically, whether they are Fair Trade, organic, local or produced through sustainable development, we can provide the consumer with a healthier option.

We have built our reputation on service and quality by supporting our customers with a personal touch. As independent operators, we are not tied to any one supplier and can offer impartial advice and innovative refreshment solutions.

Complete Vending Services can offer:-

- flexible solutions to either rent or lease machinery
- a large range of ethically sourced, healthy products including well known high street names
- help and advice on existing unwanted contracts (including early termination)
- short term refreshment solutions i.e. provision of cold water machines during the summer months
- delivery of wholesale products to your door to stock your existing contracted or owned machines
- operating and maintenance cover on your existing machines

Contact us for more information on how we could help you to solve your vending requirements, call Sue on 0870 458 7178 or email info@completevendingservices.co.uk.
